Mr. Price provided the Planning Board with a demonstration of the Town's Online Query Manager (online GIS website). It also allows users to produce their own limited GIS maps utilizing a few basic built-in data layers, such as wetlands, floodplains and watersheds.

Ms. Matthews noted Bill Cantwell's term on the Planning Board is set to expire next week. She stated Mr. Cantwell was faithful in his attendance to meetings despite a difficult work schedule. She added she learned a lot from him and will miss his service on the Planning Board adding she hopes he will return to the Board in the future in some capacity.
